Why are Proposals different In El Paso?

Elsewhere in the country, nurses are coming to agreements with their hospitals about all outstanding contract issues, except staffing and wages, which they plan to negotiate at a national bargaining meeting next month. El Paso will be a part of that meeting, except we may have more work to do because our HCA affiliates are proposing that HCA Affiliated El Paso nurses take a deal that is not as good as other states and other parts of Texas.

Have you signed the Strike Pledge?

Nurses picketed Las Palmas last month, which is good practice, should we need it, for exercising more of our rights to achieve goals that put El Paso in line with the rest of the country. Remember, “It’s Our Right, And We Just Might!!!”
