**5111 Mission Center Road, San Diego**

For more information, visit [www.NursesHealAmerica.org](http://www.NursesHealAmerica.org)  
or contact your nurse rep or labor rep

### **Join us for a nationwide kickoff of the Robin Hood campaign to tax Wall Street.**

Next stop in your town, JPMorgan Chase, the latest national symbol of Wall Street excess that has harmed so many communities and families.

We will be visiting JPMorgan Chase offices and branches across America to step up our campaign to tax Wall Street to heal America.

Robin Hood has a plan that will limit reckless speculation by the banks and other financial giants, help create stability, and use hundreds of billions in revenue for a real economy to heal America.

### **A Robin Hood Tax is a sales tax on Wall Street speculation.**

At 50 cents per \$100 of most trades, up to \$350 billion could be raised each year for health care, jobs, education, and other basic needs.

**On June 19, we will send JPMorgan Chase and others a message:  
Heal America. It's time for Wall Street to pay a sales tax and start  
rebuilding America.**

*You can see Robin Hood in events across the country and in Rio de Janeiro, Brazil on June 19 at the Robin Hood Tax event at the Rio+20 international conference on climate change.*

**Support the Robin Hood Tax.**
